Michael Gullo

Developer / Programmer

- I've been programming for 15+ years and am a recent graduate from the Case Western Reserve University Full Stack program (having been a consistent A+ student)... solidifying my skills as a developer/programmer and am now ready to pursue programming as a career.
- Not only do I take pride in my coding efficiency and proficiency, but I am always eager to expand my skills into new areas. Solving problems, understanding the code, and becoming better at programming is very addictive.

Work Experience

2019-10 - Current
Electronics Technician
Berk Enterprises, Warren, Ohio
- Repaired circuit boards and electrical systems using schematics, wiring diagrams and testing instruments.

2016-04 - 2019-09
